ABOUT US

The foundation stone of excellent distribution, giving high recognition started 30 years back, with the most reputed food and consumer product companies of India. Mr.Kiran Shah & team started a small distribution house based at Rajkot with food product companies and expanded their wings to attain a significant place in the heart of the retailers.

The dreams came true when the time came to come out with their own food products under the brand Tastee consisting mouth watering range of Khakhra, Bhakhri, Rusk, Khari, Cream Roll, Nankhatai, Cookies, Chikki, Papad, Peanuts and Chickpeas. The brainchild of Kiran Shah translated into reality and has become a loving child of all retailers and consumers. The acceptance of Tastee Products was prompt as the brand got built up in a very short span of time because the retailers willingly and lovingly wanted to get associated with the person who had been giving excellent services to them for three decades.

The joining of Kunal Shah and Saurabh Shah accelerated the pace in getting into the heart of consumer by consist new and innovative development of the products.

The acceptance of the product by the consumer is because of the even distribution of the product, excellent eye-catching packaging, mouth watering taste, the careful and finest selection of the ingredients, and selection of the products, which is having quite a good sales potentiality.
